Aurigo Masterworks Cloud Suite

The Aurigo Masterworks Cloud suite includes four product lines, each with a full set of products that empower cities, counties, states, agencies and businesses with everything you need to plan, build, maintain and operate.

PLAN

Capital Planning & Portfolio Management
Prioritize, plan and track all of your major infrastructure and capital investments in one place.

- Capital Planning >
- Capital Project Management >
- Federal Aid Reimbursements >

BUILD

Full Lifecycle Construction Management
Manage every phase, contractor, placeholder and inspection for each capital and infrastructure project.

- Estimation & Bidding >
- Consultant Service Contracting >
- Right of Way >
- Contract Management >
- Construction Project Management >
- Civil Rights & Labor Management >

MAINTAIN

Safety, Quality & Maintenance
Ensure new projects meet quality levels and your existing assets are properly maintained.

- Materials Specification & Testing >
- Lab Management >
- Capital Asset & Facility Maintenance >
- Safety & Compliance >

OPERATE

Business Operations
Run the day-to-day business of permitting, advertising, leasing and claims in a modern system.

- Real Property Management >
- Permitting >
- Advertising >
- Claims Management >

Masterworks Cloud Platform

The Aurigo Masterworks Cloud suite of products is built on the Masterworks Cloud Platform –an enterprise-proven platform that gives you the scalability, performance, security and reliability your teams need, and your IT organization will appreciate.

Masterworks Cloud Platform

Modernize your IT infrastructure with cloud software products built on Aurigo's advanced cloud platform. The Masterworks Cloud Platform includes full security and access controls, document management, form builder, workflow engine, reporting, analytics and AI, as well as APIs that make it easy to integrate with your existing systems.

LEARN MORE >

Configuration Toolkit

Update your Masterworks products with new forms, new reports and new workflows as your needs evolve—without calling IT or hiring an outside consultant. Our Masterworks Configuration Toolkit can be used by IT or power users within your team.
